Career as a Cosmetic Nurse

According to the **HealthTimes** website, cosmetic nurses perform a range of non-surgical procedures including but not limited to *laser treatments*, *cosmetic injectables*, *chemical peels* and other *dermal procedures*. **The beauty industry has seen exponential growth in recent years and cosmetic nurses are in ever-increasing demand.**

Nurses performing injectable procedures must work under the supervision of a doctor and as such many are employed by private cosmetic clinics. Cosmetic nurses may also work for themselves, either running their own practice or freelancing with spas and cosmetic clinics.

To become a cosmetic nurse in Australia, students must first be qualified as a Registered Nurse (RN). An RN qualification is usually gained through the completion of a Bachelor of Nursing course, which is offered at numerous universities in Victoria.

Once an RN, a graduate diploma of cosmetic nursing course can be studied which takes approximately 10 months' full time to complete and will provide students with the skills to *perform cosmetic procedures, dermal treatments and injectable procedures including dermal fillers and muscle relaxants*. Students are also required to complete around 76 hours of clinical placement. Salaries for a cosmetic nurse vary depending on their experience, location and employer. However, salaries in excess of \$80,000 are quite common.
